## GUCCI - 2013 MEN'S EYEWEAR COLLECTION

The Spring/Summer 2013 Gucci eyewear collection for men is an expression of vintage flair with sophisticated modern notes. Innovative and precious materials give elegance and distinctiveness to the new sunglasses and optical frames.

### SUNGLASSES

The iconic metal aviator sunglasses are the perfect combination of classic design and Seventies inspiration. The front is embellished with a unique leather insert while the temples are adorned with a laser-engraved Diamante pattern providing a sophisticated effect. The colour palette features exclusive tones of gold and ruthenium with brown or grey lenses.

Mod. GG2226/S

These men's acetate and metal sunglasses capture the elegant spirit of the Fifties. The exclusive T-bar hinge, now in a new ultra-slim version, and the clean, simple lines of the temples are highlighted by soft nuances of black, green, Havana, blue and grey. Glass lenses emphasise the impeccable quality and smart appeal of this style.

### OPTICAL FRAMES

These men's acetate or metal optical frames combine classic lines with dynamic profiles. The square or round-shaped frames are embellished with unique details, such as the ultra-slim T-bar hinge, highlighted by subtle hues of brown, black, blue, Havana, ruthenium and military green.

Mod. GG1037, mod. GG1038 and mod. GG2233

This lightweight round-shaped optical frame in Optyl, the registered trademark for the ultra-lightweight plastic material with an extraordinary colour effect, is personalised by a thin metal core which gives elegance and strength to the glasses. The frames come in elegant shades of black, green, brown and grey.
